RUSSIAN RIVER INDEPENDENT SCIENCE REVIEW PANEL

SEPTEMBER 9, 2016
9 AM-12 PM
PUBLIC MEETING

CLOVERDALE CITRUS FAIRGROUNDS
1 Citrus Fair Dr Cloverdale
AUDITORIUM

The ISRP provides an objective scientific review of stream flow processes, water management and salmonid habitats in the Russian River watershed.
The complete ISRP report and an executive summary are available for download at **www.russianriverisrp.org.**
Come and hear from the experts about the Russian River and its tributaries.

To RSVP contact the California Land Stewardship Institute
